STANDARD TEMPERATURE ALARM Model No. G.H. 5. \$22.50 each, without bell, wire or batteries.

CONDITIONS OF SALE:

Sizes given in seedlings are pot sizes, not size of plants.

On orders for \$15.00 or more for seedlings listed on pages 1 & 2, plants will be shipped via parcel post prepaid. All other plants will be shipped Railway Express Collect or on small orders via parcel post, postage to be paid by customer.

We cannot ship plant orders of less than \$5.00.

Customers living in Missouri should add 2% state sales tax, or 3% if rate is increased, to all orders.

All plants are offered subject to prior sale & prices are subject to change without notice.

All plants will be shipped out of pots to reduce weight & shipping costs. If you wish plants left in pots add 50¢ per plant for 4 & 5" pots, 75¢ for 6" pots & \$1.00 per plant for larger pots to cover additional packing charges.

We give no warranty, express or implied, as to the productiveness of the stock hereby offered, and its retention for 5 days after receipt by the buyer without complaint in writing, constitutes a definite acceptance thereof by the buyer. Our liability in all instances is limited to the purchase price of the plants.

SPECIAL OFFER ON CUTFLOWER CATTLEYAS

Fine Selection of Large Plants in 6 to 8" pots, growing in Osmunda. This lot includes many Stuart-Low and other English Hybrids. Some of the hybrids offered in this lot are Lo. Allison, Lo. Jevington, Lo. Banner, C. Ceylon Ivory, Lo. Pioneer, C. Meige, C. Mt. Shasta, Lo. St. George, C. John McHutchison, C. Raynham, Lo. Eade, Lo. Sheerness, C. Brussel, C. Furnes, Lo. Andrix, Lo. Wellsiana x Lo. Druid, Lo. Sargon, Lo. Easter Bells, etc.

Plants will consist of 5 to 15 bulbs, full sized bulbs, not seedling bulbs. Most plants have multiple leads and many of them can be divided into 2 or more divisions.

These plants are all from Cutflower Producing Stock and are not culls. They are being offered to make room for seedlings, which have to be repotted and will require a lot of additional space. These plants should produce sufficient flowers when they bloom to cover the cost of the plants.

All plants will be labelled with their correct name and shipped out of pots. They are offered in a mixed lot at the following reduced prices: 5 plants \$22.50, 10 plants \$39.00, 25 plants \$93.00, 100 plants \$355.00.

BACK-BULB DIVISIONS. (These consist of 3 to 5 bulbs each). Included in this lot are the hybrids offered in our Special Cutflower Offer and others in mixed colors. There are some very fine varieties included in this offer, as no back-bulbs are kept from fine selected varieties. These are offered in a mixed lot, all labelled with their correct name. Many of them will flower within a year or less. Also, many of these will have live roots in osmunda. These are also offered at reduced prices as follows: 5 for \$7.50, 10 for \$13.50, 25 for \$25.00, 50 for \$45.00, 100 for \$85.00. These prices are for the number of divisions, not back-bulbs.

MIXED LOT OF CATTLEYA SEEDLINGS & BLOOMING SIZE PLANTS

Many of these seedlings are near flowering size. Some are labelled, some aren't. All plants are growing in fir bark and are badly in need of repotting. Lot includes colored varieties; white varieties such as C. Bow Bells, and some novelties. Some of the flowering size plants are selected varieties. Plants in 3 to 6" pots. 5 plants \$8.50, 10 plants \$14.00, 20 plants \$25.00.

SPECIAL OFFER ON SEEDLINGS. Plants in 3" pots, ready for 4 to 5" pots. Special Price \$3.50 each, 6 for \$17.50, 13 for \$35.00. Many will flower within one year.

Lo. Mem. Albert Heinicke X (C. Guttata Leopoldii x Lo. Harrietta). Fine Reddish Plum to Orange or Yellow Flowers. Heavy Substance, up to 10 or more flowers.

C. Mrs. Pitt. Dark Rose Lavender. 4 to 5 Corsage Size Flowers to a spike.

C. White Sails X C. Violet Dombrowski. Fine, Large White for Easter & Mother's Day. Spikes of up to 6 flowers. A Fast Growing Hybrid.

Lo. Lloyd Wallar X Lo. Hardypas. Will produce some Fine, Round, Award Type Flowers. Dark Flowers for Late Summer to Fall.

Lo. Mem. Albert Heinicke X C. Aclandiae. Heavy Substance Yellow to Green Flowers with Reddish Fuchsia Lips. Some will have reddish spots on Sepals and Petals. Up to 5 long lasting flowers on the spike. A much sought after unusual cross.

GARDEN & FLORAL BOOKS. Close out, 40% discount. List sent on request.

All prices quoted f.o.b. St. Louis, Missouri, shipment out of pots. Cash with order.

ATTENTION CUTFLOWER GROWERS

If you have need for Good Quality Cattleyas for Cutflowers or Corsages, we highly recommend that you order some of the plants listed in our SPECIAL OFFER. From these plants you should cut enough blooms the first time you flower them to get your investment back, in fact you should have sufficient flowers to make a profit and still have the plants.

Most of the plants in this offer have more than one lead, which will produce at least two new growths per year, having a minimum of 4 flowers per plant. Most of the plants will produce more than 4 flowers; however, if you purchased 10 plants at \$3.90 each and only received \$1.00 per bloom for 40 blooms you would have your investment back. Actually if you sell the flowers in Corsages at \$2.50 each you will gross \$100.00 for the 40 blooms, which would be more than twice the cost of the plants.

These are the largest plants we have ever been able to offer at these prices. Several thousand plants must be sold in order to make space for rapidly growing seedlings. These are not culls, but are from regular Cutflower producing plants. All plants are labelled with their correct name. Included are many fine European hybrids.

These plants are growing in osmunda and are well established, they don't have to be re-established like plants that are pulled out of fir bark. They will produce good quality flowers on their new growths, and most won't have to be repotted into larger pots for a year or two.

If you were to purchase seedlings now for outflowes it would be several years before they flowered and several more years before the plants were as large as the plants we are offering. Actually you could not grow plants to flowering size at this cost per plant.

We are positive that a trial order will convince you that these plants are well worth the price we are asking.

In addition to the plants offered in the enclosed price list we also have the following crosses to offer:

Lo. Snowdrift. These are from the original Stuart-Low strain. This is one of the best and most Prolific Fall and Winter White with Purple Lip hybrids. We have a number of large 3 to 4 bulb divisions of selected flowering size plants. These will require 5 to 6 in. pots. Divisions with live roots in osmunda \$15.00 each, 3 divisions \$40.00, 6 divs. \$75.00, 12 divs. \$140.00. (These prices are below what the plants originally cost when they were seedlings.)

Cattleya Harold Alba. Nice White with Purple Lip for Summer Blooms. Flowering size divisions for 5 to 6 in. pots - \$5.75, 5 divs. \$25.00, 10 divs. \$45.00.

... ..
